

COMPLEX SYSTEMS CHEMISTRY  
**INTERNATIONAL  
GRADUATE SCHOOL**  
UNIVERSITY OF STRASBOURG FRANCE

**1**  
IN CHEMISTRY  
IN EUROPEAN UNION  
(SHANGHAI RANKING 2022)

**4**  
NOBEL PRIZES  
IN CHEMISTRY

**1**  
EUROPE IN  
INNOVATION IMPACT  
(RANKING NATURE INDEX INNOVATION 2017)

→ **Apply by April 3<sup>rd</sup>, 2023**

The University of Strasbourg introduces  
the new international integrated MSc/PhD program  
“Complex Systems Chemistry” (CSC), starting in September 2023.

Inspiring international research environment with **4 active Nobel Prize laureates** in chemistry

**Practical training** with state of the art equipment

**Direct access to the PhD program** for successful MSc students

**English** as the only teaching language

## Complex Systems Chemistry

→ Over the past two decades, researchers in Strasbourg have been at the cutting-edge in the emerging field known as the complex systems chemistry (CSC).

→ In 2010, Strasbourg was awarded a cluster grant (LabEx CSC) for excellence on this topic.

## The mission of the Complex Systems Chemistry (CSC) Graduate School

→ Prepare a new international generation of researchers for the profound changes that CSC will bring to industry and academia.

→ Use CSC as a tool for innovation.

→ Create the leaders of tomorrow for both academia and industry.

→ Strasbourg is an exciting place to study with over 50000 students, one of Europe's most attractive cities and home to many European institutions.

50% of the PhD students come from abroad.

## Financial supports

### MSc scholarship :

- 7200€ / year during 2 years.
- Up to 1000€ to cover moving costs.
- Exemption from registration fees.

### PhD fellowship :

- 1600€ / month during 3 years

→ **Apply by April 3<sup>rd</sup>, 2023**
